

VERTIZIP AWNING

GLOBAL AWNING ACCESSORIES

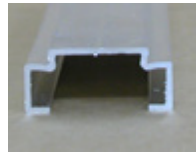

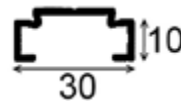

WWW.GLOBALAWNINGS.COM.AU

FEATURES

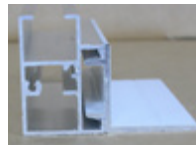

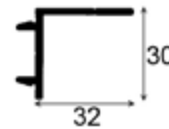

- The VERTIZIP 95 & VERTIZIP 125 uses the existing Vertiscreen head-box and end caps, with a slight change to the side channels, bottom rail and some internal parts.
- Stylish Aluminum Head-Box offered in two sizes - 95 x 95mm, or 125 x 125mm.
- Can be operated by gearbox and crank handle, or motor:
- The VERTIZIP Range offers a choice of 2 side channels, with 40mm being for motor and manual while the 30mm is for motor only. This is due to the thickness of the gearbox.
- VERTIZIP 95 sizes from 900mm - 4500mm wide, and drop from 900mm - 2700mm.
- VERTIZIP 125 sizes from 900mm - 5400mm wide, and drop from 900mm - 3300mm.
